

# On food power and the power of food

Community food action leading  
the way on tackling dietary  
health inequalities

*Marie-Amélie Viatte*

*connectedbynature@Hotmail.co.uk*

What does it look like?

A highly diverse and more  
resilient ecosystem

Community  
food action...

Why pay  
attention?

We are the product of our environment.

Food as an enabler & connector. An engine for change.

It's transformative!

**Transforming places ~ Transforming lives**

We need more of it!

How?.....

Dinnertime soon! ... who will actually decide what you're eating tonight?

Thank you!
